FYI. In the interim, R8 got someone else instead of Stephanie, at least for the initial period.

All,

I am so sorry but I did not realize that Stephanie could only stay through Sunday. We really need someone who can get the field operations across all three Regions aligned and that will take through next week.

This will be going on for awhile. I really hope you all will consider helping us in the future. This seems to be the agency's top priority right now.

Specifically we'd like her help in the environmental unit, working with Deb McKean on data related items (and whatever else Deb needs).
